TO: Vessel Agents/Operators and Terminal Operators

SUBJECT: Pilot Program – Alternate Vessel Entrance and Clearance Procedure(s)

In response to the ongoing Coronavirus (COVID-19) outbreak, U.S. Customs and Border Protection (CBP) in the Area Port of Philadelphia will implement a pilot program offering optional vessel entrance and clearance procedures under certain circumstances. CBP may, under these procedures accept copies of vessel documents for ships arriving into the Area Port of Philadelphia. CBP implementation of this temporary program will avoid the necessity of the vessel agents physically boarding arriving vessels minimizing risk of exposure.

- Have at least one prior arrival to the Area Port of Philadelphia within the past six (6) months.
- Have no new documents since the last Entrance and Clearance within the Area Port of Philadelphia.
- CBP retains the right to approve or deny applications for use of these procedures at its sole discretion.

The vessel agent will provide scanned electronic copies of all required entrance and clearance documents via email to the appropriate Vessel Central office at the time participation in the pilot program is requested.
